

## Interconnect solutions

## Passive components

## Optoelectronics

## Relays & Switching

## Semiconductors

## Electronic packaging & Accessories

## Our commitments

### Expertise

Our product engineers provide technical advice and assistance to realize your projects.

### Support

Each customer account is followed by a dedicated contact to give the best support.

### Proximity

Our sales team is present in the field and provides local support to customers.

### Satisfaction

Every year, we conduct a survey to measure and improve customer satisfaction.

### Traceability

We ensure increased traceability of parcels with our EDI and many tracking tools.

### Quality

Our ISO 9001 V2015 certification guarantees the implementation of challenging internal processes.

## Our key figures

**4000** 

permanently stored references

**54** 

distributed brands

**125M** 

of distributed components per year
