Electronic packaging and accessories

Our commitments

Expertise

Our product engineers provide technical advice and assistance to realize your projects.

Support

Each customer account is followed by a dedicated contact to give the best support.

Proximity

Our sales team is present in the field and provides local support to customers.

Satisfaction

Every year, we conduct a survey to measure and improve customer satisfaction.

Traceability

We ensure increased traceability of parcels with our EDI and many tracking tools.

Quality

Our ISO 9001 V2015 certification guarantees the implementation of challenging internal processes.

Our key figures

5000 

permanently stored references

44 

distributed brands

150M 

of distributed components per year
